

Study on Social Interactions

- Are you afraid of being abandoned and do you try to avoid being alone?
- Are you often confused about who you are as a person?
- Do you have unstable and intense relationships?
- Do you behave in dangerous and risky ways?
- Do you have difficulty controlling your anger?
- Do you often feel bored, empty or in a lot of emotional pain?
- Do your emotions and moods change frequently?

If you answered "yes" to most of these questions and are between the ages of **18-45**, you may be eligible to receive up to **\$165** as part of a research study of sensitivity to social interactions. Participation involves interviews, computer tasks, online surveys, and an electroencephalogram (EEG). There are no known health risks associated with the study. If you would like to learn more and see if you are eligible email or call us at the SNAP Lab: socioneurostudy@gmail.com / **212 650 7985**
