

Are you a caregiver for someone experiencing suicidal thoughts or behaviors?

We are interested to know how caregiving impacts your work. Your experiences will help us and others create resources and recommendations for employers.

The study is seeking people who:

Provided unpaid care for someone who experienced suicidal thoughts or behaviors

Worked (at least part-time) during your caregiving experience

Are age 18 or older and live in the United States

The University of Maryland and Workplace Suicide Prevention Committee wants to learn how workplaces can better support employees who are caring for people experiencing suicidal thoughts or behaviors.

Click this link or use the QR Code to learn more about the study and then decide if you want to participate or not

To learn more about this survey, please contact Dr. Jodi Frey, Principal Investigator at jfrey@ssw.umaryland.edu
